Subject: RE: communication with Summit County Engineers

Thanks Mary Beth – We'll be sure to copy Bob Hochevar on our request for more information regarding the Front Street Bridge.

Cheers!

Bill

Subject: [EXTERNAL] communication with Summit County Engineers

Hi All – I don't think I shared this with you before, please see e-mail below from Chuck Hauber. Per his instructions, please include Bob Hochevar on all e-mails to Chuck. Thanks!

Subject: RE: Draft Gorge Dam Data Summary Report - Comments due April 28

Hello Mary Beth, I hope you've been well.

I'll download the report when Bill A. sends me the link. The Summit County Engineer will need to know what, if any, effects the Gorge Dam removal has on the Front Street bridge. Bob Hochevar (copied) is the Summit County Engineer Project Manager. Please copy Bob on any pertinent correspondence. Bob will have a lot of input on the technical matters regarding the bridge.

Thanks, have a good day.

Subject: Draft Gorge Dam Data Summary Report - Comments due April 28

Hello Project Coordination Team,

First, I'd like to welcome back Chuck Hauber who is now joining us as a representative of Summit County Engineers.

And second, the draft Data Summary Report is available on OneDrive for your review and comment. You can either go to your bookmark for the project OneDrive and look for the "CH2M Draft Data Summary Report" folder or click on the link below.

There are two files – one is the report, tables, figures, and all appendices except for Appendix C and the other file is Appendix C. They are very large documents so it may take a little while to download.

The report itself is only about 20 pages, so shouldn't take you too long to read through that. Reminder that this document is just the presentation of the results, documentation of deviations from the field sampling plan, and a summary of data quality/usability. The interpretation of the results will be included in the basis of design report.

If you have a few minutes, I'd appreciate your review and **letting me know if you have any comments by Tuesday, April 28**. Please note – the review of the draft document will be handled by this PCT; the final version can be shared with the larger stakeholder group.

Thank you!
-Mary Beth
